

Upcoming: Conference at the Interface of Discipline-Based Education Research in STEM and Psychological Science

September 6-7, 2018
Charles F. Knight Executive Education Center
Washington University in St. Louis

Psychological scientists, discipline-based education researchers, and STEM practitioners gather for invited and submitted presentations on innovative STEM pedagogies and interdisciplinary STEM education research. There will be a registration fee of \$125 for accepted applications.

To submit a presentation or apply to the Conference, please visit:
