

ACS
Chemistry for Life®

The Younger Chemistry Education Scholars (YCES) and the Chemical Education Research Committee (CERC) of the Division of Chemical Education would like to congratulate the winners of the

Chemistry Education Research Undergraduate Poster Award Competition

held during the CHED poster session during the 257th American Chemical Society meeting in Orlando, Fl.

The top three presenters that demonstrated the highest caliber of research were selected for this prestigious award and will be given a monetary gift of \$50 (best poster) or \$25 (second and third best) as well as the opportunity to write a blog post for the YCES blog (<http://www.divched.org/blogs/YCES>).

Winners from the 257th ACS Meeting:

Isabella Lopez (Best Overall Poster)

Carrie Dobbs (Runner Up)

Kathryn Yezierski (Runner Up)

Thank you to everyone who participated. We evaluated a total of 25 posters entering the competition and saw a lot of great research.
